Subject: [External] Final Written Conflicts Check Letter for London Economics International LLC
Attachments: LEI final written conflicts check.pdf

Good morning,

Please find attached for filing the Final Written Conflicts Check Letter on behalf of London Economics International LLC ("LEI"). The letter responds to Ms. Wessinger Hill's 7/21 email requesting that the firm conduct a conflicts check and file written conformation with the Commission in Docket Nos. 2021-88-E, 2021-89-E, and 2021-90-E.

Please do not hesitate to reach out if you have any questions.

Best,
Stella

Re: Final Written Conflicts Check for Docket Nos. 2021-88-E, 2021-89-E, and 2021-90-E

Dear Ms. Wessinger Hill:

We have conducted a final conflicts check and can confirm that there are no actual or potential conflicts of interest for London Economics International LLC ("LEI") in performing the contractual obligations contemplated by the Public Service Commission of South Carolina in the above referenced dockets. LEI is not currently working for any of the parties listed in Directive No. 2021-103-H, or any of their subsidiaries, affiliates, or members.

LEI was retained by the following entities in previous engagements. However, these past relationships do not represent conflicts in the current proceedings.

- LEI was engaged by Virginia Power (an affiliate of Dominion Energy) in March 1998 to provide a comprehensive strategy review of responses to deregulation;
- LEI was engaged by First Solar (a member of the Carolina Clean Energy Business Association, or CCEBA) in September 2012 to evaluate utility-scale solar PV power development projects in Central America, and again in August 2013 to evaluate utility-scale solar PV power development projects in Mexico;
- LEI was engaged by NextEra Energy Resources (a member of CCEBA) in June 2013 to identify target countries for clean power development in the Caribbean and selected Latin American countries;
- LEI was engaged by EDF Renewables (a member of CCEBA) in January 2016 to deliver forecast wholesale energy prices across the WECC region; and
- LEI was engaged by Cypress Creek Renewables (a member of CCEBA) in July 2017 to develop energy price outlooks for several ERCOT zones.

If you have any follow-up requests or questions, please do not hesitate to reach out to me at the contact information below.

Sincerely,

AJ Goulding
President
